“AMERICAN ROADHOUSE”

BAND MEMBERS:

TROY RADDATZ - VOCALS AND GUITAR

Troy began his music career at the age of thirteen when he joined the country band called “Country Drifters” in 1981. Once he graduated from high school, he started his own classic rock band called “Embassy”, which performed, throughout the state of Minnesota until 1999. The band changed format slightly in 1999 and they renamed the band to “Huge”, which joined forces with the “Shane Allan Band” in 2003. Troy is now managing the band as “American Roadhouse” to begin its local tour in 2004.

PAT DOMEIER - VOCALS AND BASS

Pat grew up in Redwood Falls, MN where he started playing at a young age thanks to his father who was a musician himself. Pat and Troy went to the same high school and have played in the same bands together for fifteen years. When you watch them play you can see that they are very much in tune with their style of music. Pat is eager to kick off “American Roadhouse” and show everyone just what he’s got!

ERIC GRATER - VOCALS AND GUITAR

Eric has been playing since age ten and turned professional in 1988 at the age of 16. A true musical chameleon he has played in diverse and often challenging musical settings of: rock and roll, country, jazz, funk, rockabilly, bebop and blues music. In 1992 he won the “George Van Eps Scholarship” and had the privilege of studying music in Reno, NV with recording artist Clint Strong. Eric’s versatile abilities and comprehensive education make him a valuable addition to “American Roadhouse”.

BRAD JOHS - VOCALS AND GUITAR

Brad has been involved with the group “Not in the Mood” for the past two years. Prior, to that he was with Troy’s previous band called “Huge”. Together with Van, the drummer, they decided to get involved with this new project, and are both looking forward to “American Roadhouse”.

VAN TVEDT - VOCALS AND DRUMS

Van has been drumming for over 20 years and has been together with Troy and Pat in “Huge”. For the past two years he has been with Brad and others in a band called “Not in the Mood” and has been touring the local metro and out state. Van also looks forward to getting back to the fun times in “American Roadhouse”.

MARK AMUNDSON - SOUND AND LIGHTS

Mark is the sound and light technician as well as technical consultant for the band. He works as an electrical engineer for Honeywell and he’s also the technical editor for Front Of House magazine. He often writes reviews for gear from top pro audio companies like E/V, JBL, Fender, Peavey, etc. He’s a licensed electrician so there’s no venue that he can’t handle with regards to power considerations. You can be assured that the technical aspects of the show will go off without a hitch when Mark is around. When he’s not pushing buttons for the band on the weekends, he cares for his beautiful horse farm in Cambridge, MN.
